

SAFE TRAILS WORKSHOP
Thursday, September 26, 2013
Duck Club, Irvine, CA

Audience Questions
Public Safety Panel

Questions:

- Why doesn't OC Parks ask for the required certification a "service dog" owner must carry?
- Can OC Parks/OC Fire Authority provide additional training to adopt-a-park and fire watch volunteers?
- Could trail safety improve by use of segregated trails by days or by hours?
- Why did it take so long to locate the couple in Trabuco Canyon?
- Is there a phone number to call to report non-emergency things like vandals, etc.?
- Do park visitors or rangers ever find what might be artifacts or old human bones? Who do you call?
- What is "lat/long?"
- Does your park system provide an official map of designated trails?
- Do you have many rattlesnake bite calls?
- How often do you have biker-hiker accidents?
- How has night access increased/decreased? More injuries?
- Was there any prosecution or fines for the Holy Jim Trail "lost hikers?"
- Search process: Canyon floor first? Is there a specific order for the search?
- When calling 911 with an emergency on a trail what is the best way to give your location? (lat/long, trail name, trailhead?)

Comments:

- Want to see how workshops or information can be shared between mountain bike and equestrian trail users regarding safety.
